

WHY REGISTER?

Before you can do anything in LinkFM, you need to register your email address. There are two main steps to registering your email.

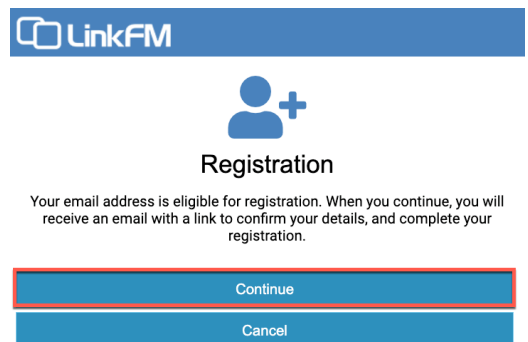

Aspect 1 - Check whether your email is eligible for registration

Aspect 2 - Register your email

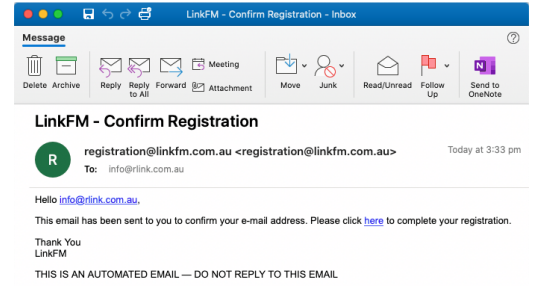

Every LinkFM building requires one main account email address. Ideally this email is a generic church email address (for example: admin@youchurchname.com.au). From this account, other registered accounts can be delegated access to the LinkFM account or just to individual tasks.

HOW TO REGISTER

1. To register for LinkFM, go to
rlink.com.au/services/redbookonline/
2. Click Register
3. Enter the email address you would like to register
4. Click Check
5. If you haven't registered the email before, you will be told your address is eligible for registration
6. Click Continue

7. Locate the email sent by LinkFM and follow the instructions

8. Fill in your details to complete your registration

9. Make sure to choose a strong password

10. Welcome to your LinkFM account!
